

Dyed Dreams specializes in unique, one-of-a-kind, hand-dyed yarns suitable for knitters, crocheters, and weavers. Our commercially spun yarns are mainly natural fibers—wool, alpaca, mohair, silk, cotton, and rayon. The various yarns and colors shown on our website Dyeddreams.com are a small sample of the yarns and color combinations that we create in our studios. Please contact us to request information about the yarns and color choices currently available.

Look at our Gallery pages to see some of the ways we have used our hand-dyed fibers! The hand-woven, hand-knitted and hand-felted fashion accessories shown there are only a small portion of the items that we produce.

Please contact us through our website for custom-dyed yarns or for a very special custom-made, hand-felted, hand-knit or hand-woven item.
